always, I am asking for your input in helping me to make my decisions.

Good government consists of a partnership between the people and the elected officials who serve them. I have been most blessed to have a fine working relationship, and through such a team effort, we have been able to accomplish a lot for our southern Indiana district. I very much appreciate your suggestions and ideas. Please don't hesitate to contact me concerning any issue you might have.

District 62 Concerns

There are a number of issues that the citizens of District 62 have asked me to address. Below is a partial list of the bills I will be authoring:

1. An economic development incentive for our southern Indiana district.
2. The establishment of an "In God We Trust" sticker for license plates, which will be available at license branches. The purchase of such stickers would be optional and not mandatory.
3. Again this year, I will have a bill to put prohibitions on internet gambling.
4. A bill to protect the rights of gun owners which helps to prevent the ridiculous attempts to take away our right to possess rifles, shotguns and handguns.
5. Again this year, a bill to establish guidelines for elective study of the Bible in public schools.

Naturally these bills are of particular interest to me. Please let me know if you have any concerns or comments.

Please complete the survey and return it to me or go to www.in.gov/H62 to complete the survey online. A second person of your household may respond in the second set of answers.

2004 Legislative Survey

1. Do you believe Indiana should enter into agreements with other states that would allow them to purchase prescription drugs in bulk, leading to reduced costs for consumers?

1. ☐yes ☐no

Email Updates

Would you like to receive email updates with news from the Statehouse? You are always encouraged to contact me directly via email, but I would also be happy to send you news from time to time about what is going on at the Statehouse.

To receive updates, visit my website at www.in.gov/H62 or email me at H62@in.gov and ask to have your name added to the list. It's a simple way to stay informed about the issues that impact our state and our district.

Online

The official web site for the State of Indiana is www.in.gov. This is a good place to start if you are interested in information about Indiana and various government services.

Additionally, each representative has a web site with information on his or her background, education and contact information. My site is at www.in.gov/H62. There you may also learn about bills that I have filed, read past newsletters and apply to become a page or an intern.

In Person

Sessions of the Indiana General Assembly are open to the public. You can observe the House of Representatives yourself, seeing our democratic system at work. No need to schedule an appointment—you're always welcome. Both the House and Senate chambers have visitors' galleries on the fourth floor from which you can view proceedings.

**Whichever method you prefer, I hope that
you will keep informed and stay involved.**
